

EWING INTRODUCES ELECTRICAL EQUIPMENT AND COMMUNICATIONS DIVISION 01.26.06

Ewing is proud to introduce our Electrical Equipment and Communications Division. Focusing on expanded markets and products, Ewing, through its Equipment Division addresses a new style of customer that includes products like Power Generation, Telco products, Connectivity Products, Voice and Data, Indoor and Outdoor Enclosures, Land Mobile Radios, just to list a few. If you have an interest in any of these types of products please contact Doug Miller. Please see our Equipment Division website at www.EwingDirect.com for more information.

EWING INTRODUCES OUR NEW WEBSITE 01.26.06

We are proud to announce the launch of our new website which we feel is more user friendly and promotes the products and services we offer more clearly. We are really excited about our Online Inventory search engine that allows anyone to source parts on our website. All comments and suggestions are welcome please forward them to us.
